GOOD BYE TO INDIGESTION.

All Druggists Claim Seaver's Dyspepsia Tablets Are Driving Dyspepsia Out.

The above is a strong statement, but experience right here in Barre and East Barre proves it to be really true. The evidence is positive, there is no guess work about it. D. F. Davis and Frank Roark have been selling Seaver's Dyspepsia Tablets for some time, and many of their customers have been in to tell of the benefits received. One woman says they have increased her weight nearly ten pounds; another had chronic dyspepsia for years and can now eat anything she wants to without distress afterward.

One man is grateful because Seaver's Dyspepsia Tablets have cured him of nervousness. Another says it has relieved the pain around his heart. Just think of it: here is a remedy that must cure you of sour stomach, indigestion, dizziness, spells, nausea, biliousness, sick headache and every other form of indigestion, or it will not cost you one cent.

Every box of Seaver's Dyspepsia Tablets in fifty-cent size contains 20 days' treatment. They will make you feel better right away. They will clear up your complexion. They will put new color in your cheeks. They will almost certainly increase your weight. They will give you new nerve force, new energy, new strength; and if you feel run down or low spirited you will see an improvement almost beyond belief.

Just call on the above druggists and ask for their honest opinion of Seaver's Famous Dyspepsia Tablets. Try them. If they cure you, you certainly will be glad you spent the money. If they do not help you, all you need to do is to tell D. F. Davis or Frank Roark, and they will go right to the money drawer and pay you back your money.

THE INTANGIBLES BILL.

Much Lack of Correct Information, John Wilson Declares.

Dear Editor: A large number of people are wondering why they cannot get the exact truth from the newspapers on number of subjects now directly confronting the people or their representatives. I submit that it is entirely misleading to state that veto of tax bill by the legislature, published in the Montpelier, has not stepped foot in Montpelier since the legislature met, yet I knew several months ago that at the commencement of the session this same measure was contemplated—I was assured by a senator and by a representative that Mr. Cushman had prepared or was preparing a bill fixing flat rate on intangibles. Several weeks later I was informed that that portion of administration or legislature which controlled tax measures had given their ultimatum that no such tax measure would be considered this session, upon which I asked Mr. Miller to introduce the flat rate tax on real estate mortgages, which at that time seemed to me to obviate every objection which had up to that time been made by the powers above mentioned. It was beaten by an entirely new objection, as to the soundness of which I am yet in doubt.

The main point is that in matter of the flat rate tax probably every intelligent member of legislature knew from beginning of legislature that it was proposed, and the governor may have known of it, and very likely they all knew very well why it was held up. The people who held it up were their chief opponents when it was introduced. The arguments used in defense of veto were for most part identical with arguments used several months ago for holding it up. As far as essence of matter is concerned, the opposition and veto stand as if made at commencement of session. The plea of late hour legislation seems to me such a fraud on the public as no self-respecting man would wish to palm off on the public.

But this tax incident is only one of many facts as they actually were will not bear out half the exoneratory plea now being issued; nor do they sustain half the laudatory remarks now made and to be made in future regarding the doings and men at Montpelier. I think the truth as to late legislation will come out, in one way, if not in another. Ask the tax commissioner or any intelligent member of legislature if above statement is not true.

About the State

It is expected that Rev. E. R. Phillips will begin his pastorate with the Christian church at Woodstock tomorrow. He comes to Woodstock from Grafton, N. H.

Miss Anita Kempton, one of the College Singing Girls, who gave an entertainment in Barre Wednesday evening, was formerly a resident of Essex Junction. Her parents, Mr. and Mrs. George Kempton, now live in Glens Falls, N. Y.

E. R. Goss, who has lived in Waterford and nearby towns, is now in a hospital in Orlando, Fla., suffering from injuries received when he was struck by a locomotive and thrown fifteen feet. He struck on his right arm and shoulder, and broke his leg twice above the knee.

Mrs. Arthur B. Pinney of Woodstock has been awarded the second prize of \$125 in The Ladies' Home Journal contest for an article on "How to Dress on \$50 a Year." It is expected that the article contributed by Mrs. Pinney will be published in the next issue of The Journal.

The family of Luther Fifield of Hardwick would be glad of any information as to the whereabouts of Mr. Fifield, who left his home about eight o'clock Saturday evening and has not since been seen. The missing man weighs 200 pounds, has black hair and a scar about two inches long over the right eye, caused by a horse kicking him.

J. C. Farwell of Amherst, whose big barn was burned recently and himself was terribly burned trying to save his horses, is slowly improving. One horse refused to go out and perished. The flesh on one of Mr. Farwell's hands is coming off, the other is not as bad. The barn was about 150 feet long and contained 80 tons of hay and all his farm machinery.

Orville H. Hall, a former Jericho boy now of Atlanta, Ga., has just been elected to the office of lieutenant colonel of the fifth Georgia militia, and will soon take his examinations for that position. Mr. Hall has been for some years editor and proprietor of The Southeastern Courier, published at Atlanta, and has been a captain in this same regiment for some time.

The flatiron lot in Bennington, near the soldiers' monument, has been presented to the public by the estate of the late John S. Holden, to be used as a playground. The grounds were used last summer for this purpose and a large number of children played there when the weather permitted. Preparations are being made for a larger outfit for the coming summer.

The cost of the recent session of the legislature was in round figures \$140,000. The state treasurer paid for mileage and debentures of members of the general assembly \$130,075.90 for 91 days, which is \$5,300 more than the session two years ago. In addition to this the state auditor pays about \$10,000 of salaries of the clerks, official reporters, committees, and under special joint resolutions. The session two years ago was 92 days in length, one day longer than the present one.

While attempting to cross a railroad bridge about two miles south of North Bennington one evening last week, Horace Harris of South Shaftsbury walked off the structure and dropped nearly twenty-four feet to the highway beneath. In addition to internal injuries and tearing the muscle of one thigh, he sustained three displaced ribs and a sprained ankle, besides numerous other minor bruises. His cries attracted the attention of persons living in the vicinity. He is in a critical condition. Mr. Harris was an employee of the Cushman Manufacturing company in North Bennington and is between fifty and sixty years of age.

RUTLAND CITY FINANCES.

Outlined by Mayor Carpenter in His Annual Message.

Rutland, Feb. 4.—In his annual report, Mayor H. O. Carpenter states that this city paid all its current expenses during 1910 and had on hand at the close of the year \$9,561.70, of which \$1,575.10 is in the water department. The sinking fund appropriation was \$10,000 and the fund earned \$5,855, reducing the bonded indebtedness to \$16,755. The city's net debt at the present time is \$437,261.23.

The new appraisal of real estate will increase the grand list over \$5,000, adding to the tax levy at the present rate of \$1.00 about \$8,000. The mayor sees no need of any increase in the fixed charges of the coming year.

Considering the advance in wages and commodities and the growth of the city during the past few years, the fixed charges, as a whole, have shown but little increase, some even showing a decrease. The charities and corrections account for 1910 was over \$400 less than the average for the years 1897-1910; the interest account over \$2,000 less; the salary account practically the same excepting the extra expense of the quadrennial appraisal; the police account about \$1,000 more; the fire account about \$2,000 more (not including the cost of steamers and fire whistle); and the light account about \$2,000 more, caused by the increase in the number of lights in use.

Mr. Carpenter reviews the work accomplished in 1910 in the various departments. He expresses great satisfaction in the working of the new charter.

CANDIDATES WEEDED OUT.

Six Are Now Considered As President Buckingham's Successors.

Burlington, Feb. 4.—Acting president Elias Lyman, has returned from New York City, where he attended yesterday the second meeting of the special committee of trustees to whom was left the selection of a president of the university to succeed the late President M. H. Buckingham.

The committee succeeded in eliminating all the two score names considered with the exception of a bare half dozen, and it is expected that from these a few will be selected a president, although if any new name is presented it will be considered by the committee.

The committee do not think it advisable to make public the names under consideration, but it may be said that they are all young men who have accomplished things in the educational field any one of whom would make a

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which, despite the most beneficent environment of soil and sunshine and of atmosphere, seemed never to achieve a healthy growth?

A ton of manure will not help a plant that has a cancer eating out its heart. You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ that it falls out of your hair which causes it to fall out. Newbore's Herpicide destroys the germ, and healthy hair is the sure result.

worthy successor to President Buckingham.

The majority are western men and Mr. Lyman will go to Chicago soon to confer with one or two of them, by appointment. The final list does not include an alumnus of the university of Vermont.

The sum of \$364,000 has been collected of the half million dollars endowment fund of the university of Vermont. The payment of a few thousand dollars more in the smaller subscriptions pledged will make available at once about \$124,000 comprising five of the largest conditional pledges, making it hoped by the centennial fund committee, that the full half million dollars will be paid in before next commencement.

A good beginning has also been made, reports Rev. E. G. Bass, the financial agent, on pledges for the second half million dollars, over 150 new subscriptions having been made since July 1, last.
